Executive Summary

Overview

In the fall of 2019, MacNaughton Hermsen Britton Clarkson Planning (MHBC) and SHS Consulting (SHS) were retained by the Town of Cobourg (the Town) to develop an Affordable and Rental Housing Community Improvement Plan (the CIP) aimed at incentivizing the development of affordable and rental housing throughout the Town in response to a number of key action items identified in the Northumberland County Affordable Housing Strategy. In addition to developing incentives for affordable and rental housing, the project team looked into opportunities to incentivize development of Brownfield areas and developments which address areas of sustainability and accessibility.

The project was structured with a three-phase approach, which incorporates background research, technical analysis, and community consultation with opportunities for feedback from residents, stakeholders, the Planning and Development Advisory Committee (PDAC) and Council in each phase (**Figure 1**).

As part of the first phase of the project, background information was collected to understand the policy and legislative context for the CIP; obtain an idea of how other jurisdictions have implemented similar incentive programs; and, understand the specific local community context in terms of demographics and housing need.

Based on the background research, consultation findings and financial assessment undertaken, the following key focus areas were identified for the development of the Affordable and Rental Housing CIP:

- 1. Increasing the supply of purpose-built rental housing**
- 2. Increasing the supply of smaller unit sizes**
- 3. Promoting the development of second units**
- 4. Promoting the development of mixed-ratio developments**
- 5. Supporting emergency and transitional housing services**

The findings of the background review and the key areas of focus were then presented to stakeholders and the community at an open house held on January 23, 2020 to obtain feedback on and confirm the areas of focus in advance of drafting the CIP.

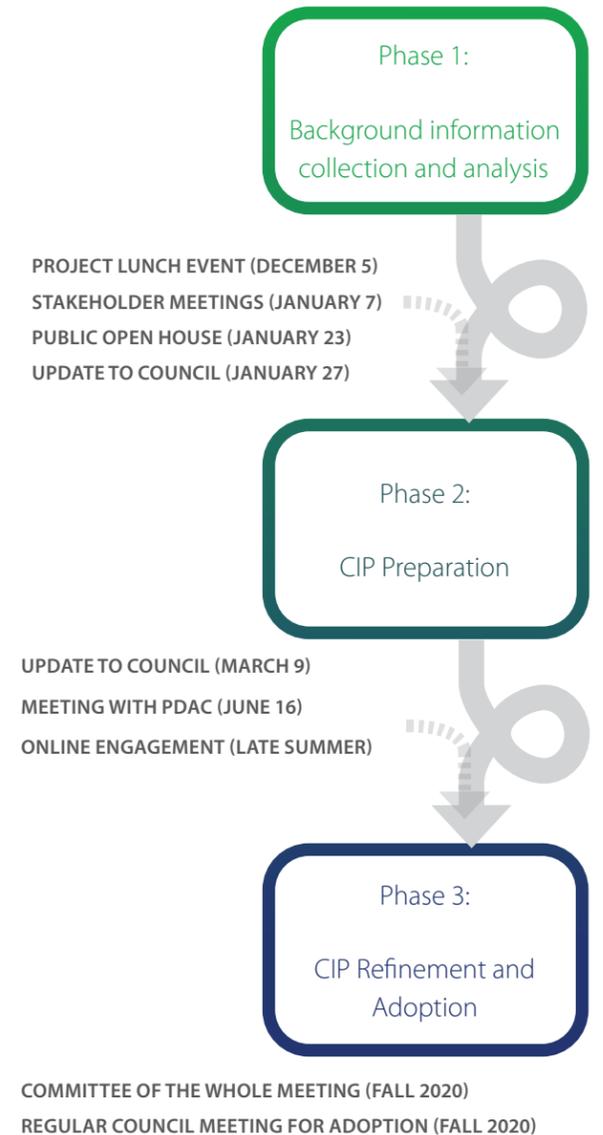

Figure 1: Project Schedule and Process

Please note that these dates are subject to change given the on-going COVID-19 pandemic.

Based on the feedback obtained at the January 23rd open house, the prioritized areas of focus for the CIP were confirmed as follows:

- 1. Increasing the supply of purpose-built rental housing; and,**
- 2. Promoting the development of second units.**

Promoting the development of mixed-income housing, increasing the supply of smaller unit sizes, and supporting emergency and transitional housing were also identified as important secondary areas that should be considered in the program; however, the emphasis of the incentives should be aimed at increasing the overall purpose-built rental housing stock and focusing on introducing additional units into the secondary rental market through second units.

Incentivizing brownfield development, sustainable development and design, and accessibility and universal design are also important for inclusion within the CIP, but should not detract from the primary focus of providing opportunities to increase the availability of affordable and rental housing throughout the community.

The first two phases of the work program culminated in the preparation of a Draft CIP for further consultation. The programs included in the Draft CIP are summarized in the following table on the following page.

This report concludes Phase 2 of the Project Work Program and will serve as the basis for refining and finalizing the CIP in Phase 3. The CIP will then be revised, as needed, following further consultation, which will include a meeting with the PDAC, targeted stakeholder sessions, a public information Open House and Statutory Public Meeting. A final CIP recommended for adoption will be brought forward to Council for consideration in late spring 2020.

Adoption of the final CIP by Council will provide the legislative basis and framework for implementing incentives designed to address affordable and rental housing needs in the community, in addition to setting a framework for addressing needs related to Brownfield development and sustainable and accessible design.

DRAFT

Affordable and Rental Housing

**COMMUNITY
IMPROVEMENT
PLAN**

1.0

Introduction

In early 2019, Northumberland County prepared an Affordable Housing Strategy in order to provide detailed guidance and a policy framework for increasing the supply of affordable and rental housing throughout the County's municipalities. As part of this work, individual affordable housing strategies have also been prepared for each of the member municipalities.

In the case of the Town of Cobourg, with respect to supply, the Strategy highlighted the low vacancy rate for rental units in the primary rental market, which has been below 3% since 2010; and, identified housing gaps including a need for more purpose built rental housing options and more affordable rental housing for households with lower incomes. Additionally, the Strategy identified that a total of 38¹ affordable units would need to be provided in the Town, annually, in order to achieve the County's affordable housing target of 25% of all new residential units created annually.

¹ In accordance with the Strategy, 18% of Cobourg's allocated affordable units are to be affordable to low income households (earning \$48,519 or less) and 80% are to be affordable to households with incomes less than \$37,250.

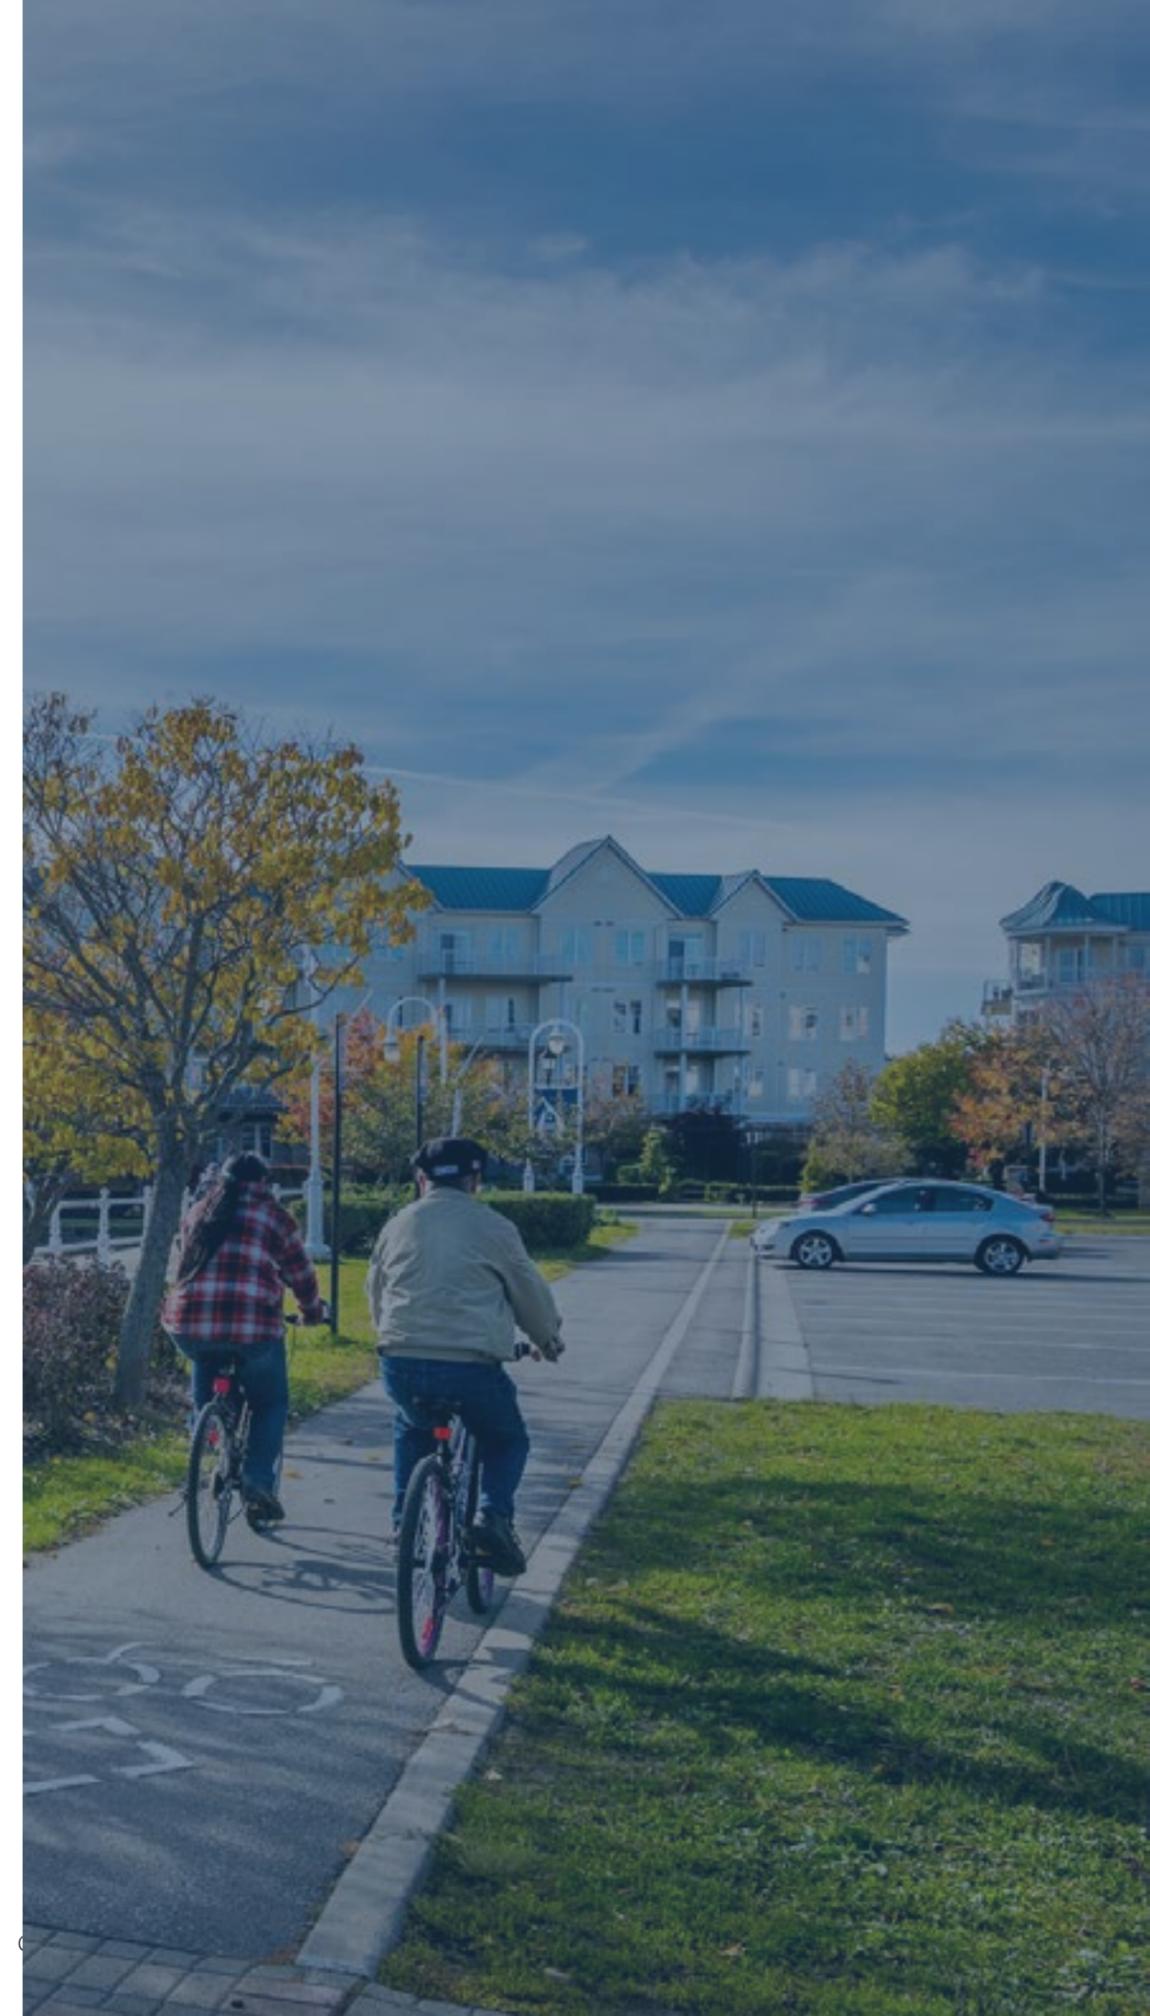

In terms of action items, the strategy included 28 specific actions under four (4) key themes in order to achieve the strategy. One such action identified the *“use of a CIP to allow incentives to encourage the provision of affordable and rental housing, including grants or forgivable loans for development charges, planning and building fees, and other municipal charges and levies, tax exemptions and Tax Increment Grants (TIEG), and capital grants.”*

In order to build on and implement the recommendation contained within the County’s strategy, the Town of Cobourg retained the consulting team of MHBC Planning (MHBC) and SHS Consulting (SHS) to undertake a study and develop a comprehensive Town-Wide Affordable and Rental Housing Community Improvement Plan (CIP), which focused on the provision and maintenance of affordable and rental housing throughout the Town. This draft CIP has been prepared to provide support to landowners and developers in their efforts to provide for, and ultimately increase, the affordable and rental housing options throughout the Town.

This report includes the following:

- **Summary of the methodology to develop the draft CIP;**
- **Identification and description of the Community Improvement Project Area;**
- **An overview of the programs and incentives that form part of the CIP;**
- **An implementation plan to assist the Town in administering the CIP;**
- **A marketing strategy for the CIP; and,**
- **A monitoring strategy to assist the Town in measuring impacts and outcomes of the CIP.**

It should be noted that the legislative authority and policy basis for the preparation and adoption of the CIP is outlined in detail in the Background Report prepared as part of the work program for the Affordable and Rental Housing CIP project. The Background Report provides an overview of the documents consulted for the background review and a summary of the outcomes of the consultation and engagement exercises undertaken to arrive at the draft CIP. The Background Report should be consulted for an overview of these documents and other applicable legislative and policy documents.

2.0 Community Improvement Needs Analysis

Developing a specialized Community Improvement Plan aimed at incentivizing the development of affordable and rental housing responds to a key action item identified in the Northumberland County's Affordable Housing Strategy and serves to address a number of the identified housing gaps specific to the Town of Cobourg. The following section of the draft CIP report provides a detailed analysis of the needs of the Town with respect to affordable and rental housing to set the foundation for preparation of the Community Improvement Plan, including the prioritization of incentives recommended within the Community Improvement Plan.

2.1 General Methodology

A multi-phased approach to developing the draft CIP has been undertaken, which incorporates background research, technical analysis, and community consultation with residents, stakeholders and the Planning and Development Advisory Committee (PDAC). **Figure 2** provides a visual reference to the methodology.

As part of the first phase of the project, background information was collected to understand the policy and legislative context for CIP's; obtain an idea of how other jurisdictions have implemented similar incentive programs; and, understand the specific local community context in terms of demographics and housing need. Additionally, a financial analysis was completed to determine the impact of various financial incentives that may be implemented through a CIP program on the feasibility of affordable housing projects within the Town.

Several public consultation efforts were undertaken in the early stages of the Phase 1 work program, including a project launch open house, online survey and targeted stakeholder sessions with housing and community service providers as well as local builders/ developers and real estate representatives. The findings of the background review and potential options for areas to be considered in the CIP were then presented to stakeholders and the community at an open house in January 2020.

The areas of consideration for the CIP were as follows:

1. Increasing the supply of purpose-built rental housing
2. Increasing the supply of smaller unit sizes
3. Promoting the development of second units
4. Promoting the development of mixed-ratio developments
5. Supporting emergency and transitional housing services

As noted, input on these areas of consideration and further analysis of each area resulted in priority areas for consideration in the draft CIP. Together, these key steps culminated in the preparation of a draft CIP (Section 3.0 of this document) for further consultation.

The CIP will be revised further, following the Phase 2 consultation process, which includes a meeting with the PDAC, targeted stakeholder sessions, a public information Open House and Statutory Public Meeting. Following any necessary revisions, a final CIP will be recommended for approval and will be brought forward to Council for their consideration in late spring 2020.

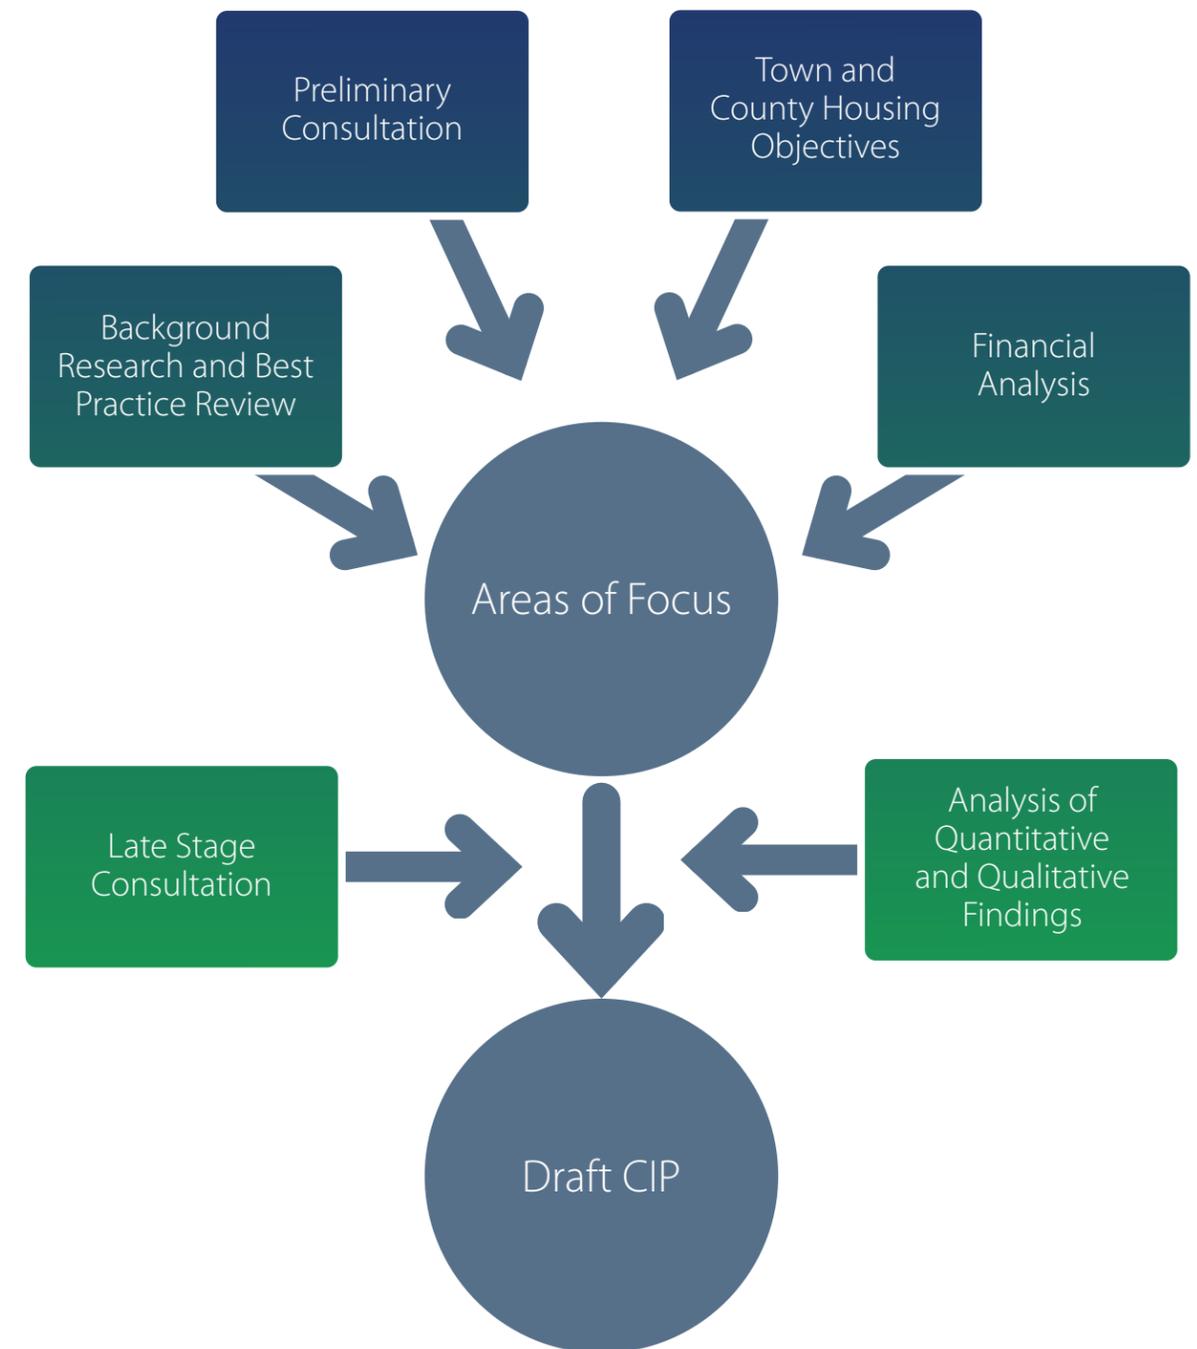

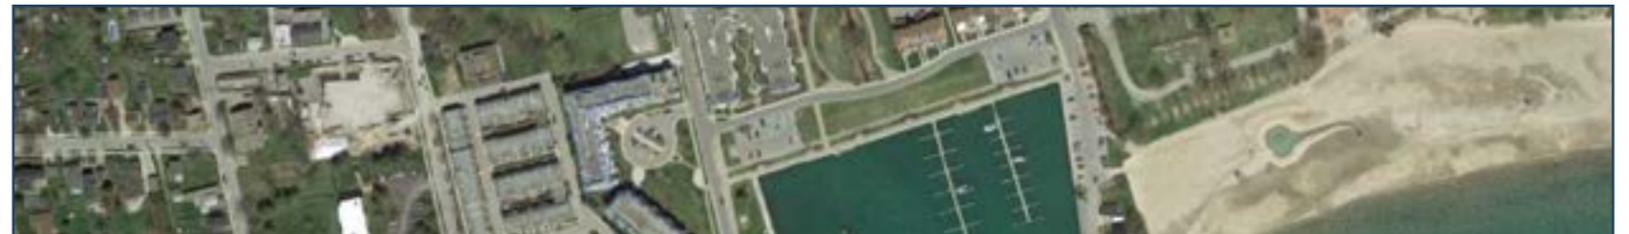

Figure 2: CIP Project Methodology

3.0 Draft Affordable and Rental Housing CIP

3.1 Purpose

The draft CIP provides a toolbox of financial incentives designed to achieve community goals and priorities as set out in the Northumberland County Housing and Homelessness Plan 2019-2029, the County and Town Affordable Housing Strategies and Official Plans in order to assist in the development of affordable and rental housing across the Town. It has been informed by substantive background research and analysis and confirmed through stakeholder and public consultation. Based on the background research completed to inform the CIP, financial incentives are aimed at assisting to provide for the creation of at least 38 affordable units within the Town on an annual basis, consistent with the target set out for the Town in the Northumberland County Affordable Housing Strategy.

3.2 Goals and Objectives

3.2.1 Goals for Community Improvement

The goal of the draft CIP is to minimize financial barriers to the creation of affordable and rental housing in order to ensure an appropriate range and mix of dwelling types across the housing continuum are provided throughout the Town, provide opportunities for financing development and redevelopment on brownfield sites and projects that incorporate sustainable design and/or accessible design features.

3.2.1 Objectives for Community Improvement

The objectives of the draft CIP are as follows:

1. **Facilitate the development of affordable and rental housing throughout the Town by providing financial support based on a continuum of housing options;**
2. **Increase the overall number of affordable and rental housing units in the Town;**
3. **Generate an appropriate mix of residential units and dwelling types, including those suitable for older adults and small household sizes, to meet the current and future needs of residents;**
4. **Make ownership housing more affordable to new home-buyers and allow people to age in place through second units;**
5. **Support and stimulate mixed-income developments;**
6. **Encourage the development of emergency and transitional housing;**
7. **Assist in the achievement of the Northumberland County annual target for new affordable housing units;**
8. **Reinforce the provision of affordable and rental housing as a community priority;**
9. **Provide opportunities to incentivize development and redevelopment projects on brownfield sites; and,**
10. **Provide opportunities to incentivize development or redevelopment projects that incorporate sustainable design and/or accessible design elements.**

3.3 Community Improvement Project Area

As noted in previous sections of this report, the entire Town of Cobourg is identified as a Community Improvement Project Area. The basis and rationale for a Town-wide CIP is a result of best practice research and stakeholder consultation which indicates that in order to effectively provide for a mix of affordable and rental housing throughout the Town and in each part of the community, all efforts should be made to ensure that there does not result in a concentration of affordable housing in one area.

The Town of Cobourg Affordable and Rental Housing Community Improvement Project Area is shown below and forms part of this Plan.

CIP Project Area

15. Each program in this CIP is considered active if Council has approved implementation of the program, and Council has approved a budget allocation for the program (as applicable).

3.7 CIP Programs: Primary Areas of Focus

The following sections of the report set out the programs in the draft CIP focused on rental housing and second units which are two of the primary areas of programs within the CIP. At the discretion of Town staff, applicants may be required to enter into an agreement with the Town to ensure program objectives are met.

3.7.1 Rental Housing Planning and Building Fee Waiver Program

1. The purpose of this program is to promote the development of purpose built rental housing by offsetting the costs associated with fees for planning and building applications at the Town.
2. This program would apply to property owners who undertake development or redevelopment projects containing a purpose built rental housing component, either for affordable rental housing, market rental housing or mixed-income rental housing.
3. This program will provide a grant of up to 100% of the fees paid on specified planning and development applications for purpose built rental housing.
4. The grant would apply to most fees related to development or redevelopment, including, but not limited to:
 - a. Official Plan Amendment;
 - b. Zoning By-law Amendments;
 - c. Minor Variances;
 - d. Site Plan Control;
 - e. Building and Demolition Permits;
 - f. Cash in lieu of parkland;
 - g. Cash in lieu of parking; and,
 - h. Municipal tree levy.

5. With respect to Official Plan Amendments, the waiver would only apply in a circumstance where the Amendment is required to address an issue of density (for example, as a result of providing a large proportion of 1-bedroom units on a site to address the need for smaller units) and not for comprehensive Official Plan Amendments requesting a land use designation change.
6. Applicants are required to pay the fees at the initial application submission stage and will receive reimbursement of the fees upon successful completion of an approved project including issuance of occupancy and confirmation that the proposed affordable units associated with the application have been provided. There is no guarantee that a project will receive approval.
7. **Appendix A** provides a chart of the Town’s current fees associated with these applications, to provide an indication of the savings an applicant would have as well as the revenue lost by the Town a result of the waiver. It is expected that the costs associated with the waiver of these fees would be in the form of lost departmental revenue which the tax base or other non-tax funding source must offset.

3.7.2 Rental Housing Cash-in-Lieu of Parking Reduction Program

1. The purpose of this program is to provide a reduction in the amount of Cash-in-Lieu of Parking fees for purpose built rental housing and purpose built affordable rental housing projects where a Cash-in-Lieu of Parking fee may apply.
2. This program will provide a grant of up to 50% of the calculated Cash-in-Lieu of Parking fee for an eligible project, where a Cash-in-Lieu of Parking program may apply.
3. The grant will be paid once the project is complete, final building inspections have taken place, an occupancy permit has been issued; confirmation that the units provided are in accordance with the proposal as proposed; and, all deficiencies have been addressed.

3.7.3 Rental Housing Development Charge Grant Program

1. The purpose of this program is to increase the overall number of affordable and market rental housing units through providing a grant for and reductions to development charges paid on a project.
2. Potential development charge reductions for a project will be assessed and determined based on the proposed project’s performance in providing for rental housing types and tenure most needed in the Town, including those suitable for older adults and small household sizes.
3. This program applies to larger scale development and redevelopment projects that provide purpose built rental housing options (market, affordable and mixed-income). It provides a grant equal to a percentage of the Town development charge normally payable on an eligible project.
4. The table, below, provides the proportion of grant funding available for eligible projects.

Table 2: Rental Housing Development Charge Grant Program Grant Proportions

Grant Proportion	Project Type
Up to 100%	100% purpose built affordable rental housing that provides a significant number of smaller units and includes at least two of the following: sustainability features, accessibility features or social service supports
Up to 75%	Minimum 20%/80% mixed affordable rental/ market rental housing that provides a significant number of smaller units and includes sustainability features, accessibility features or social service supports
Up to 60%	100% purpose built market rental housing that provides a significant number of smaller units and includes at least two of the following: sustainability features, accessibility features or social service supports
Up to 50%	Purpose built rental (affordable, market or mixed income) that includes at least two of the following: sustainability features, accessibility features or social service supports
Up to 40%	100% purpose built affordable rental housing
Up to 40%	Minimum 20%-80% mixed affordable rental/ market rental housing

5. The grant will be paid once the project is complete, final building inspections have taken place, an occupancy permit has been issued; confirmation that the units provided are in accordance with the proposal as proposed; and, all deficiencies have been addressed.
6. In the case of affordable rental units noted in **Table 2**, an applicant will be required to enter into an agreement to be registered on title which ensures that the affordable rental units remain affordable for at least twenty (20) years from occupancy. If the units are no longer deemed to be affordable, the grants, plus interest, will become payable to the Town in full.
7. In the case of market rental units noted in **Table 2**, an applicant will be required to enter into an agreement to be registered on title which prohibits the conversion of these units from rental to condominium tenure for at least twenty (20) years from occupancy. If the units are deemed to have been converted, the grants, plus interest, will become payable to the Town in full.
8. It should be noted that the *More Homes, More Choice Act, 2019* has introduced changes to how and when Development Charges are paid. These changes will need to be factored into the program administration details to ensure phasing of Development Charges payments align with the CIP grant.

3.7.4 Rental Housing Property Tax Increment Grant Program

1. The purpose of this program is to increase the overall number of purpose built rental housing units throughout the Town by providing a grant that reduces the property tax increase that typically results from large scale development and redevelopment projects
2. This program applies to larger scale development and redevelopment projects that provide affordable and rental housing options in the primary rental market.
3. It provides grants equivalent to the incremental increase in municipal property tax assessment and revenue resulting from property improvements to existing buildings or the development of new buildings.

4. The total payment shall not exceed the cost of development or redevelopment. The annual grant will be equal to a percentage of the tax increment paid for the Town's portion on the property taxes, in decreasing percentages of the increment as follows:
 - Year 1- 100% of tax increment
 - Year 2- 100% of tax increment
 - Year 3- 75% of tax increment
 - Year 4- 50% of tax increment
 - Year 5- 50% of tax increment
5. The grant will be paid once the project is complete, final building inspections have taken place, an occupancy permit has been issued; confirmation that the units provided are in accordance with the proposal as proposed; all deficiencies have been addressed; and, upon confirmation that property taxes are not in arrears.
6. In the case of affordable rental units, an applicant will be required to enter into an agreement which ensures that the affordable rental units remain affordable, in accordance with the definition set out in this plan, for at least twenty (20) years from occupancy. If the units are no longer deemed to be affordable, the grants, plus interest, will become payable to the Town in full.
7. In the case of market rental units, an applicant will be required to enter into an agreement which prohibits the conversion of these units from rental to condominium tenure for at least twenty (20) years from occupancy. If the units are deemed to have been converted, the grants, plus interest, will become payable to the Town in full.

3.7.5 Second Unit Planning and Building Fee Reduction Fee Program

1. The purpose of this program is to make homeownership more affordable to new homebuyers, allow people to age in place, and introduce additional rental units to the secondary market through second units and coach houses by offsetting costs

associated with the fees for planning and building applications at the Town.

2. This program applies to property owners or developers who undertake new residential development projects that include second units or coach houses.
3. It provides a grant of up to 50% of the fees paid on specified planning and development applications.
4. The grant would apply to fees related to development or redevelopment including, but not limited to:
 - a. Site Plan Control;
 - b. Minor Variance;
 - c. Zoning By-law Amendments; and,

Applicants are required to pay the fees at the initial application submission stage and will receive reimbursement of the fees upon successful completion of an approved project including issuance of occupancy and confirmation that the proposed second unit and/or coach house has been created and added to the secondary rental market.
6. Applicants will be required to enter into an agreement which specifies that the unit(s) shall not be used for short term rental accommodation of 28 days or less.
7. This program will be limited in value and duration, and will be monitored on a regular basis to allow for its retirement once a market is established.

3.7.6 Second Unit Renovation and Construction Grant/Loan Program

1. The purpose of this program is to make homeownership more affordable to new homebuyers, allow people to age in place, and introduce additional rental units to the secondary market through providing a grant or loan to offset the construction costs associated with renovating an existing dwelling to include a second unit or building a coach house on a property with an existing dwelling.
2. This program applies to individual homeowners who retrofit their dwelling to include a second unit within the main building or construct a new coach house as an accessory building.
3. This program also applies to homeowners who have an existing un-registered second unit who are seeking to legalize the unit, bring it up to Code and register the use.
4. The program may provide a grant equal to 50% of eligible costs to homeowners who retrofit their dwelling to include a second unit or construct a new coach house as an accessory dwelling or to a homeowner who has an existing un-registered second unit that is legalized and brought up to Code up to a maximum of \$10,000 (e.g. \$6,000 in construction cost would provide a \$3,000 grant to the applicant, upon completion; \$20,000 in construction cost would provide a \$10,000 grant to the applicant upon completion; and, \$30,000 in construction cost would provide a \$10,000 grant upon completion).
5. Alternatively, the program may provide a loan equal to 70% of the eligible costs to homeowners who retrofit their dwelling to include a second unit or construct a new coach house as an accessory dwelling or to a homeowner who as an existing un-registered second unit that is legalized and brought up to Code to a maximum of \$50,000 (Minimum \$5,000).
6. Applicants are required to make an application for consideration and approval in advance of commencing work. An applicant is required to identify whether they are also receiving funding through the Ontario Renovates component of the Ontario Priority Housing Initiative (OPHI) and the amount which they are eligible to receive.

7. If a grant is approved, the grant would be issued by the Town following submission by the applicant of proof of costs (e.g. receipts for costs associated with the renovation/ construction).
8. If a loan is approved, the loan will be repayable in equal monthly payments and a lump sum payment of outstanding funds at the end of the term as shown in **Appendix B**. If the applicant has not missed any loan payments, then loan forgiveness may be offered by the Town with the lump sum payment at the end of the loan term being forgiven (i.e. paid as a grant). The Town will require that security for the loan be registered against the title of the property.
9. The total amount of funds received through both the OPHI and the Second Unit Renovation and Construction Grant/Loan Program shall not exceed the cost of the construction and fees.
10. The project address must be the homeowners' sole and principal residence.
11. Applicants will be required to enter into an agreement which specifies that the unit(s) shall not be used for short term rental accommodation of 28 days or less.
12. This program will be limited in value and duration, and will be monitored on a regular basis to allow for its retirement once a market is established.

3.8.5 Brownfield Redevelopment Program

1. The purpose of this program is to provide opportunity for redevelopment and development on Brownfield sites through the provision of grants and incentives to offset costs associated with remediation.
2. This program applies to larger scale redevelopment projects on Brownfield sites throughout the Town.
3. Where the redevelopment project proposes affordable rental housing, mixed-income rental housing, affordable ownership housing or shelter and transitional housing component, funds may be drawn from the Affordable Housing Assistance Reserve Fund
4. Where the redevelopment project does not include an affordable rental housing, mixed-income rental housing, affordable ownership housing or shelter and transitional housing component, availability would be subject to a separate fund implemented by Council.

1. The Town may, in its discretion, donate, lease or sell any surplus property of the municipality at below fair market value for the purposes of redeveloping such surplus lands for the purposes of affordable and/or rental housing, industrial or commercial development.
2. The Town may, in its discretion, guarantee borrowing, or provide for a total or partial exemption from any levy, charge or fee for the purposes of affordable and/or rental housing, industrial or commercial development.

3.9 Implementation Plan

The CIP will be implemented through the policies of the Official Plan and Section 28 of the Planning Act, 1990, R.S.O. Successful implementation of the CIP will require a commitment by Council to funding. Overall implementation will be subject to Council review and approval of program details and budgetary allocation (5 year commitment, with annual monitoring).

The CIP will be administered by the Town of Cobourg Planning and Development Division, in consultation with the Finance Department of the Corporate Services Division. An application will be required for any person seeking financial assistance through the CIP. Application forms will be made available online, through the Town's website, and as hard-copies at the Town's Planning and Development Counter. Applications and supporting documentation will be reviewed by Town staff to ensure they are complete and meet eligibility requirements. If eligibility requirements are not met, or if there is insufficient information to make a determination with respect to eligibility, staff will inform the applicant in writing.

Applications made for funding through the Second Unit Planning and Building Fee Reduction Program and the Second Unit Renovation and Construction Grant Program will be accepted, reviewed and a determination made on a first come, first served basis. Applications made for funding under other programs will be subject to a single intake period, with applications evaluated by staff and recommendations for funding made through a report to Council. Should there be no uptake or fewer applications than anticipated, a second intake period may be introduced.

Where an application for funding is made for a smaller-scale project that would result in the payment of a grant in an amount less than or equal to \$10,000, the Director of Planning and Development or designate may issue approvals. An incentive agreement will be required.

Where an application for funding is made for a large-scale project that would result in a longer-term financial commitment by the Town, a recommendation on the application will be made by staff and forwarded to Town Council for approval. If the application is approved by Council, an incentive agreement will be required. Only those costs incurred after the execution of an agreement with the Town will be eligible for rebate. Costs that have been incurred by the applicant prior to the approval and executed agreement are not eligible for funding. Payment of grants will only occur following the provision of the applicable documentation to demonstrate that the work has been completed as required.

The issuance of a building permit to commence construction of an approved project must take place within eighteen months of the approval. Failing to comply with this timing, without prior approval of Council, will allow the Town to withdraw the grant approvals and the funds will not be released.

Staff, in administering the CIP, may request clarification or additional supporting documentation and may perform site visits and inspections as necessary.

Timing, payment and the amount applicable for reduction are to be applied in accordance with the new regulations set out under the *More Homes, More Choice Act, 2019*.

3.10 Financial Management

An annual budget for the CIP will be approved by Council and included in the Affordable Housing Assistance Reserve Fund (5 year commitment with annual monitoring). This will be used to fund development charge grants, fee reductions/ waivers, and second unit renovation and construction grants and loans described in the incentive programs. Brownfield redevelopment grants and incentives for sustainable design and universal design that are not associated with affordable or rental housing projects will need to be funded separately by Council.

Grants awarded for the Planning Act application fees, Building Permit application fees and other municipal fees/levies will be absorbed in the respective departments as lost revenue. This loss would be required to be made up by the general tax levy or another non-tax revenue source and must be budgeted in the Reserve Fund. Grants awarded for property tax relief will be absorbed by the Town as lost revenue, initially, but would be recouped over time in the form of overall increased tax assessment and economic activity that otherwise may not have been realized without the incentives.

The following table (right) provides a summary of the financial and budgetary implications of each program contained within this CIP:

Table 5: Summary of Budget Implications for CIP Programs

Any unused funding will be carried over into the following year and remain in the same allocation grant program within the CIP Reserve Fund.</p>	

3.11 Monitoring Program

The purpose of the monitoring program set out in this section is to:

- Track effectiveness of the CIP and its programs relative to the goals and objectives;
- Monitor the effectiveness of programs of the CIP to determine its utilization and assess whether adjustments are needed;
- Track the number of affordable housing units relative to the County's target and municipal allocation of that target; and,
- Monitor the economic and social impact associated with projects receiving incentives.

This CIP is not intended to be a static planning document, but is intended to be a dynamic and proactive plan for providing a range and mix of affordable and rental housing options throughout the Town. Accordingly, the monitoring program is vital to ensure that the incentives provided through this CIP are working as intended and provide opportunities to augment as necessary. Information collected through the monitoring program should be used to provide regular updates to Council on the amount of private sector investment being leveraged by the incentive programs and the social and economic benefits associated with these projects.

3.11.1 On-going Data Collection

Records of all applications received and all incentives awarded shall be maintained and the following shall be recorded:

- The number of applications received for each program and the property location;
- The number of applications approved for each program and the property locations;
- The number of applications denied and reasons for the denial;
- The value of funds granted and the programs under which funds were granted;

- The value of private sector investment leveraged (where applicable);
- The timing of completion of the project and payment;
- The total number of new affordable housing units added to the Town's primary rental market supply;
- The total number of new rental housing units added to the Town's secondary rental market supply;
- The number of primary market rental housing units provided which are considered:
 - Affordable to low incomes; and,
 - Affordable to moderate incomes;
- The number of affordable ownership housing units added to the Town's housing supply;
- The type of housing units provided (built form, number of bedrooms, size);
- Property tax assessment after the completion of the project;
- The construction value of each project awarded funding through the CIP; and,
- Photographic evidence of the completed project.

3.11.2 Reporting

Staff will report to Council on an annual basis with respect to the CIP programs and activities, their uptake and their contribution in relation to the achievement of the Town's allocated annual affordable housing target with specific reference to the data collection items noted in Section 4.8.1.

Additionally, for the second year of the program and each year thereafter, the report should include an assessment and review of past units approved under the CIP which provides commentary on whether the units have remained affordable.

Finally, the report should include an assessment of the financial impact of the CIP to the Town.

The Town will undertake a detailed review this CIP at regular intervals to ensure that the intent and project objectives are being met. The first full review of the CIP should occur no later than five years after adoption.

Table 6 provides a list of the variables that should be monitored on an individual project and aggregate basis for the incentive programs contained in this CIP. Additionally, the Town should monitor the qualitative results of the CIP in terms of its social and community benefits, including the impact of increased housing options and affordability levels on social outcomes for persons in need of housing (i.e. reduced reliance on other support services such as food banks, increased/ stabilized vacancy rate, stabilized average monthly rent), and comments received by staff from the CIP from housing developers, community organizations, property owners and residents. These measures should be regularly monitored and reported to Council along with the quantitative measures specified in Table 6.

4.0 Conclusion

The Town of Cobourg Affordable and Rental Housing Community Improvement Plan provides a suite of incentives intended to stimulate the development of purpose built rental housing (affordable and market rate), transitional and emergency housing, second units and mixed income housing throughout the Town. In doing so, the incentives are one tool that will assist in addressing housing needs identified through the County and Town's Affordable Housing Strategies.

The adoption of this CIP by Council will provide the legislative basis and framework for implementing a suite of incentives designed to address affordable and rental housing needs in the community in addition to setting a framework for addressing needs related to Brownfield development and sustainable and accessible design. The success of this CIP is rooted in a Council commitment to prioritize and fund affordable housing initiatives, as well as other initiatives as the case may be, and the uptake and commitment from housing developers and providers.

Ultimately, through the creation of additional affordable and rental housing options throughout the Town supported by the CIP incentives, the community and County as a whole will benefit.
