Management’s Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of The Corporation of the Town of Cobourg (the “Town”) are the responsibility of the Town’s management and have been prepared in compliance with legislation, and in accordance with Canadian public sector accounting standards. A summary of the significant accounting policies are described in Note 1 to the consolidated financial statements. The preparation of the consolidated financial statements necessarily involves the use of estimates based on management’s judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Town’s management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The Audit Committee meets with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by KPMG LLP, independent external auditors appointed by the Town. The accompanying Independent Auditors’ Report outlines their responsibilities, the scope of their examination and their opinion on the Town’s consolidated financial statements.

INDEPENDENT AUDITORS' REPORT

To the Members of Council, Inhabitants and Ratepayers of the Corporation of the Town of Cobourg

Opinion

We have audited the consolidated financial statements of The Corporation of the Town of Cobourg (the "Entity"), which comprise:

- the consolidated statement of financial position as at December 31, 2021
- the consolidated statement of operations and accumulated surplus for the year then ended
- the consolidated statement of changes in net financial assets for the year then ended
- the consolidated statement of cash flows for the year then ended
- and notes to the consolidated financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the Entity as at December 31, 2021, and its consolidated results of operations and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "**Auditor's Responsibilities for the Audit of the Financial Statements**" section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group entity to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

THE CORPORATION OF THE TOWN OF COBOURG

Notes to Consolidated Financial Statements

Year ended December 31, 2021

1. Significant accounting policies:

The consolidated financial statements of The Corporation of the Town of Cobourg (the "Town") are the representations of management. They have been prepared in accordance with Canadian public sector accounting standards. Significant aspects of the accounting policies adopted by the Town are as follows:

(a) Basis of consolidation:

(i) Consolidated entities:

The consolidated financial statements reflect the assets, liabilities, revenue, expenses and fund balances of the current, capital and reserves of the reporting entity. The reporting entity is comprised of all organizations, committees and local boards which are owned or controlled by the Town.

Interdepartmental and interorganizational transactions and balances between these organizations are eliminated. These consolidated financial statements include:

Downtown Business Improvement Area of Cobourg
The Corporation of the Town of Cobourg Public Library Board
Waterworks of the Town of Cobourg

These consolidated financial statements also include the assets, liabilities, revenue and expenses of the industrial property, which is 100% owned by the Town.

(ii) Investment in Town of Cobourg Holdings Inc.:

Town of Cobourg Holdings Inc. ("TCHI") and its subsidiaries are accounted for on a modified equity basis, consistent with Canadian public sector accounting standards. Under the modified equity basis of accounting, the business enterprise's accounting principles are not adjusted to conform to those of the Town, and inter-organizational transactions and balances are not eliminated. The Town recognizes its equity interest in the annual income or loss of TCHI in its Consolidated Statement of Operations and Accumulated Surplus with a corresponding increase or decrease in its investment asset account. Any dividends that the Town may receive from TCHI will be reflected as reductions in the investment asset account.

(iii) Accounting for school board and County transactions:

The taxation, other revenue, expenses, assets and liabilities with respect to the operations of the school boards, and the Corporation of the County of Northumberland (the "County of Northumberland") are not reflected in the municipal fund balances of these consolidated financial statements. Overlevies (underlevies) are reported on the Consolidated Statement of Financial Position.

THE CORPORATION OF THE TOWN OF COBOURG

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2021

1. Significant accounting policies (continued):

(b) Basis of accounting:

Revenue and expenses are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as they become earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

(c) Deferred revenue - obligatory reserve funds:

The Town receives restricted contributions under the authority of federal and provincial legislation and Town by-laws. These funds by their nature are restricted in their use and until applied to applicable costs are recorded as deferred revenue. Amounts applied to qualifying expenses are recorded as revenue in the fiscal period they are expended.

(d) Employee future benefit liability:

The Town accrues its obligations for employee benefit plans which require funding in future periods. The cost of post-retirement and post-employment benefits earned by employees is actuarially determined using the projected benefit method pro-rated on services and management's best estimate of salary escalation, retirement ages of employees and expected health care costs.

Actuarial gains (losses), which can arise from changes in actuarial assumptions used to determine the accrued benefit obligation, are amortized over the average remaining service life of the related employee groups, which is estimated to be 12 years (2020 - 12 years).

(e) Deferred revenue:

The Town receives contributions pursuant to legislation, regulations or agreement that may only be used for certain programs or in the completion of specific work. In addition, certain user charges and fees are collected for which the related services have yet to be performed. These amounts are recognized as revenue in the fiscal year the related expenses are incurred or services performed.

(f) Investments:

Investments are recorded at cost plus accrued interest and amortization of purchase premiums and discounts. If the market value of investments becomes lower than cost and this decline in value is considered to be other than temporary, the investments are written down to market value.

Investment income earned on current available funds and reserve funds (other than obligatory funds) are reported as revenue in the period earned. Investment income earned on obligatory reserve funds is added to the fund balance and forms part of the respective deferred revenue balance.

THE CORPORATION OF THE TOWN OF COBOURG

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2021

1. Significant accounting policies (continued):

(g) Workplace safety and insurance compensation:

The Town bears the cost of certain insurance and pension benefits awarded under workplace safety and insurance legislation and accrues the actuarially determined cost of these obligations.

Actuarial gains (losses), which can arise from changes in actuarial assumptions used to determine the accrued obligation, are amortized over the mean term of the liabilities which is estimated to be 11 years (2020 - 11 years).

(h) Government transfers:

Government transfers are recognized as revenue in the consolidated financial statements when the transfer is authorized, any eligibility criteria are met and a reasonable estimate of the amount can be made except, when and to the extent that, stipulations by the transferor give rise to an obligation that meets the definition of a liability. Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished.

(i) Use of estimates:

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Significant areas requiring the use of management's estimates include management's estimates used to develop actuarial assumptions with respect to employee future benefit liabilities.

(j) Land held for resale:

Land held for resale is recorded at the lower of cost and net realizable value. Cost includes amounts for land acquisition and improvement to prepare the land for sale or servicing.

(k) Property taxation:

The Town recognizes property tax revenue using the approved tax rate and the anticipated assessment. Taxes receivable and tax revenue are recognized when they meet the definition of an asset, the tax is authorized and the taxable event has occurred. The standard requires that property tax revenue be reported net of tax concessions. Tax transfers are reported as an expense and taxes levied on behalf of others in a flow through arrangement are not reported in the Consolidated Statement of Operations and Accumulated Surplus.

THE CORPORATION OF THE TOWN OF COBOURG

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2021

1. Significant accounting policies (continued):

(l) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost, which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land and landfill sites, are amortized using the following methods and annual rates:

Asset	Method	Years and Rates
Land improvements	Straight-line	20 to 80
Buildings and building improvements	Straight-line	15 to 95
Roads, sewer, water infrastructure	Straight-line	20 to 80
Machinery and equipment	Straight-line	3 to 30
Vehicles	Straight-line	6 to 20
Books and periodicals	Straight-line	7
Industrial property - land improvements and buildings	Declining balance	5%

Annual amortization is charged for months in use. Assets under construction are not amortized until the asset is available for productive use.

When conditions indicate that a tangible capital asset no longer contributes to the Town's ability to provide services or the value of the future economic benefits associated with the tangible capital asset are less than its net book value, and the decline is expected to be permanent, the cost and accumulated amortization of the asset are reduced to reflect the revised estimate of the value of the asset's remaining service potential. The resulting net adjustment is reported as an expense on the Consolidated Statement of Operations and Accumulated Surplus.

(ii) Contributions of tangible capital assets:

Contributions of tangible capital assets are recorded at their fair value at the date of receipt and also are recorded as revenue.

(iii) Works of art and cultural and historic assets:

Works of art and cultural and historic assets are not recorded as assets in these consolidated financial statements

THE CORPORATION OF THE TOWN OF COBOURG

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2021

1. Significant accounting policies (continued):

(l) Non-financial assets (continued):

(iv) Inventories of supplies:

Inventories of supplies held for consumption are stated at the lower of cost and replacement cost.

(v) Interest capitalization:

The Town capitalizes interest costs associated with the acquisition or construction of a tangible capital asset up to the period of substantial completion.

2. Investments:

Investments, which consist of guaranteed investment certificates earning rates of interest ranging from 0.70% to 2.06% per annum (2020 - 2.06% to 2.36% per annum) which mature between September 2022 and July 2024 (2020 - January 2021 and September 2022), are recorded on the Consolidated Statement of Financial Position at cost plus accrued interest which approximates market value. These investments are being held in trust from a developer and all investment income earned is payable to the developer. Investments which have matured subsequent to December 31, 2021 have been reinvested.

3. Operations of school boards and the County of Northumberland:

Requisitions were made by the school boards and the County of Northumberland requiring the Town to collect property taxes and payments in lieu of property taxes on their behalf. The amounts collected and remitted are summarized below:

	School Boards		County of Northumberland	
	2021	2020	2021	2020
Amounts requisitioned and collected	\$ 6,946,537	\$ 8,362,031	\$ 14,328,676	\$ 14,280,543

4. Investment in Town of Cobourg Holdings Inc.:

In compliance with provincial legislation enacted to restructure the electricity industry in Ontario, Council approved the incorporation of the electricity distribution business of the former Public Utilities Commission - Electric Department of Cobourg (the "Commission") in April 2000. Through its 99.9% interest in Town of Cobourg Holdings Inc. ("TCHI"), the Town retains its interest in the electricity business conducted by TCHI.

THE CORPORATION OF THE TOWN OF COBOURG

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2021

4. Investment in Town of Cobourg Holdings Inc. (continued):

As part of electricity restructuring, incorporated distribution utilities have been allowed to take on commercial debt structures and have the ability to earn a regulated commercial rate of return. Effective May 1, 2000, the electricity distribution business formerly conducted by the Commission was transferred to TCHI. The Corporation's consolidated financial statements as a result of this transaction are comprised of the following:

	2021	2020
9,999,999 common shares of TCHI	\$ 7,002,145	\$ 7,002,145
Retained earnings, beginning of year	5,732,941	5,446,371
Pro-rata share of net income during the year	365,219	511,487

THE CORPORATION OF THE TOWN OF COBOURG

Notes to Consolidated Financial Statements (continued)

Year ended December 31, 2021

4. Investment in Town of Cobourg Holdings Inc. (continued):

- (c) The note receivable bears interest at 3.72% (2020 - 3.72%) per annum. The Town does not intend to demand repayment from LUI, a wholly-owned subsidiary of TCHI. Interest earned on this note amounted to \$260,400 (2020 - \$260,400). Fair value of the note receivable is indeterminable as it is a non-arm's length loan.
- (d) The promissory note payable to LUI bears interest at 5.4% and is due in annual repayments of \$45,000 plus interest with the total balance due on January 1, 2029. Interest paid in 2021 was \$21,870 (2020 - \$24,300).

5. Industrial property:

14. Contingent liabilities:

- (a) The nature of municipal activities is such that there may be litigation pending or in prospect at any time. With respect to claims at December 31, 2021, management believes that the Town has valid defenses and appropriate and adequate insurance coverages in place. In the event any claims are successful, the amount of any potential liability is not determinable, therefore no amount has been accrued in the consolidated financial statements.
- (b) In 2014, the Town assumed ownership of property that was identified as being contaminated. In accordance with the site management plan established by the Town, regular monitoring and sampling of ground water is performed. To date, this monitoring has indicated that certain levels of contaminants have decreased. Until the Town is required to complete a zoning amendment that would identify the need for another Phase II environmental assessment, the estimates for remediation, if any, remains uncertain and unmeasurable.
- (c) In 2019, the Town entered into two letters of guarantee with its financial institution as required by the Ministry of Fisheries and Oceans as a requirement for the ongoing midtown creek capital project to address flooding. The letters of guarantee amount to \$935,000 and will automatically renew until the project is complete.

15. Segmented information:

The Town is a municipal government institution that provides a range of services to its citizens, including police, fire, transportation, recreational, and environmental. For management reporting purposes the Town's operations and activities are organized and reported by department. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.

Municipal services are provided by departments and their activities are reported in these funds. Certain departments that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

- (a) General Government Administration: Includes administration, corporate services and governance of the Town. Administration as a segment includes human resource management, support to Council for policy development, by-law development in compliance with the Municipal Act, tax billing and collection responsibilities, financial management reporting, monitoring and overall budget status as well as frontline reception and customer service.
- (b) Protection Services: Includes policing, fire protection, conservation authority, protective inspection and control and emergency measures. The mandate of the police services is to ensure the safety of the lives and property of citizens; preserve peace and good order; prevent crimes from occurring; detect offenders; and enforce the law. Fire protection includes inspection, extinguishing and suppression services; emergency medical first response; and prevention education and training programs. Inspection and control includes building inspection, by-law enforcement and dog control services.

15. Segmented information (continued):

- (c) General Government Administration: Includes administration, corporate services and governance of the Town. Administration as a segment includes human resource management, support to Council for policy development, by-law development in compliance with the Municipal Act, tax billing and collection responsibilities, financial management reporting, monitoring and overall budget status as well as frontline reception and customer service.
- (d) Protection Services: Includes policing, fire protection, conservation authority, protective inspection and control and emergency measures. The mandate of the police services is to ensure the safety of the lives and property of citizens; preserve peace and good order; prevent crimes from occurring; detect offenders; and enforce the law. Fire protection includes inspection, extinguishing and suppression services; emergency medical first response; and prevention education and training programs. Inspection and control includes building inspection, by-law enforcement and dog control services.
- (e) Transportation Services: This department provides the winter and summer maintenance, the repair and the construction of the municipal roads system including bridges and culverts.
- (d) Environmental Services: Includes the management and maintenance of the wastewater plant and sanitary sewer distribution services.
- (e) Water Services: Includes the management and maintenance of water treatment and distribution.
- (f) Industrial property: Includes the management and maintenance of the Industrial Park.
- (g) Health and Social Services: Provides resources to assist with community physician recruitment and retention and assistance with one specific housing project.
- (h) Parks, Recreation and Culture: Provides services that contribute to neighbourhood development and sustainability through the provision of recreation and leisure programs and facilities including community halls, libraries, parks, recreation fields, arena and marina.
- (i) Planning and Development: Manages development for business interests, environmental concerns, heritage matters, local neighbourhoods and community development. It facilitates economic development by providing services for the approval of all land development plans, the application and enforcement of the zoning by-law and official plan, and the provision of geomatics services.

For each segment separately reported, the segment revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information. These municipal services are funded primarily by property tax revenue.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in note 1.
