Good morning,

Thank you for this note. In 2018, in partnership with indigenous communities, a new oath was created for indigenous members of council.

There are many complex issues facing municipalities today, word-smithing the oath of office should not be one of them and is not a priority of the Minister of Municipal Affairs and Housing at this time.

Building 1.5 million homes; creating a competitive climate for businesses to succeed, opportunities for workers; and, investing in the critical infrastructure our growing province needs is, and should be a priority of the Town of Cobourg as well. I look forward to working together on these important initiatives.

Regards,
David
