Subject: (EXTERNAL SOURCE) Happy Holidays From Horizons of Friendship

Dear Friends,

This holiday season Horizons of Friendship could not be more thankful for your support, time, and donations. As we have undergone various changes this year, one thing that stayed consistent is the generosity of our foundations, donors, contractors, volunteers and community partners in Ontario, Central America, and Mexico. We value your unwavering passion for promoting social justice and equality through our projects, and we are excited to take this passion and your support with us into the new year.

We also invite you to read more about our recent connection with our partners in Central America and Mexico
