Mayor & Council

Listening to the noon news on Fri.,  
what I heard made my blood boil.  
Bexleyham didn't celebrate Christmas  
nor did I.

When I heard the town is picking up  
trees starting Mon & others who I spoke  
too we could not have lifeguards  
at the beach as we didn't want to  
spend the reserves?? is tree pick up  
what's important to my tax bill  
(can't wait to see the scam to  
increase it this year)

How did the people get the natural  
tree to the house, & they can't get  
it to a place you choose to collect  
them; Really...

The people who knocked on my door seeking  
votes ain't the ones I see looking at our  
best.

As I say this mayor "it's my way or  
the highway."

Do for all not just the rich take  
a look at the old training school  
property what are you doing for them  
they are families too.

No on line no cell phone

My Life is GREAT

Pen to paper still gets my appreciation  
with those I mean something to.

Hope you can read writing
