Hello Brian

Andy is 100% correct that having a park named after my father, Ron Bolt, would be a great honour. The entire family would be grateful for such a thing.

I'm sure Andy has shared all of this with you, but as well as my father being celebrated as one of Canadas foremost living landscape artists, he has also been very integral with the Art Gallery of Northumberland and his 50 year retrospective just closed this past January. He also has a commissioned mural on display at the CCC.

Thank you again for the consideration.

Cheers,
