Municipal Staff have been working towards the creation of the modernized Private Transportation By-law since the passing of the resolution, in conjunction with the Taxicab Businesses. The intent of this By-law is to provide better protection of our Taxicab Businesses in the wake of the Private Transportation Companies, being Uber and Lyft operating in the Town of Cobourg.

This By-law has been placed on hold during the COVID-19 Pandemic. The Town would like to consult with Taxicab Companies and the public and our Taxi Industry, but the industry has been hit with large obstacles since the pandemic has begun. There was an amendment in 2020 that allowed the Taxi Fares to be modernized with a running time which has resulted in a benefit to the companies until the larger review can be conducted. Staff is hoping to have this By-law completed in 2021.

Since the passing of the Council resolution and prior to the Global Pandemic, there were three taxi companies that approached the Town to provide 24 hour Accessible Taxis. Since the pandemic took hold, the Town has not heard from these companies since the first contact was made last year. Staff is working with the Accessible Advisory Committee and the Accessible Coordinator to look into innovative solutions for the interest of private transportation companies to come back to the Town to help our accessible community to have more active transportation modes. The Town is also looking towards innovative municipal solutions to aid in this need for our community.
