

Town of Cobourg's Accessibility Audit Checklist

Description

1. **Not Accessible:** Facilities that have made no efforts to become accessible, and/or have significant barriers to physical accessibility for people with disabilities.
2. **Somewhat Accessible:** Facilities that meet current building code requirements for access but have not gone beyond minimal requirement. Older facilities that are not required to be up to current code but have made efforts to upgrade to code will be labelled here, as long as entrances, washrooms, and customer areas are reasonably accessible for most people with disabilities.
3. **Reasonably Accessible:** Meets all of the requirements. Plus most people with disabilities can access all areas of the facility and use all amenities generally available to the public.
4. **Considered Fully Accessible:** Meets all of the requirements of being "**Reasonably Accessible**" plus entrances, washrooms, seating, and circulation meet ideal accessibility standards as identified in the check lists and all work areas are fully accessible.
5. **Exemplary:** Goes beyond the standards in the check lists by providing a high level of accessibility, comfort, and convenience for people with disabilities. These facilities can be considered "models of accessibility."

Shopping

Drop Off/Pick Up

AREA	Yes	Somewhat	No	Additional Notes
Accessible drop off				
Min. Dimensions 6m x 1.5m (19'8" x 4'11")				
Close to accessible entrance				
Sheltered				
Overhead clearance (actual)				
Accessible Transit				

Parking

AREA	Yes	Somewhat	No	Additional Notes
Sufficient parking spaces (5%)				
Designated spaces close to entrance				
Proper signage				
Min. 3.7 m (12') wide (or actual measure)				
Overhead clearance (measure)				

Entrances

AREA	Yes	Somewhat	No	Additional Notes
Wheelchair accessible				
Threshold max 13mm (1/2") high				
Automatic opener				
Exterior doors max 3.87 kg (38N) force				
Call button for assistance				
If ramp, slope max 1/12 width min 914.4 mm (3')				
If ramp longer than 1.83 m (6'), railings				

AREA	Yes	Somewhat	No	Additional Notes
1.52m (5') landing for every 9.14m (30') ramp, top, bottom, and switchback				
If steps, marked with texture/colour				
If steps, handrail				
Door min opening 914 mm (36")				
Door handle height 1219.2 mm (48") or less				
Lever handle				
Large print, high contrast signage				
Adequate lighting (min 100 LUX)				

Interiors

AREA	Yes	Somewhat	No	Additional Notes
Corridors at least 1.06m (3'5") wide				
Corridor free of obstructions				
Non-skid flooring				
Wheelchair accessible counters (max 853 mm; 2'8")				
Barrier-free path to service counter				

AREA	Yes	Somewhat	No	Additional Notes
Tables with 680 mm clearance, accessible				
Accessible directional signage				
Doors 2.27 kg (5lb) force or less				
1.52m (5') circle or T space to turn chair				
Places to sit and rest				
Good lighting (min. 100 LUX)				

Elevators

AREA	Yes	Somewhat	No	Additional Notes
Call buttons max 1.37 m (4'5")				
Braille or raised buttons				
Doors reopen upon meeting obstacle				
Floor indicator (audible beep and/or voice)				
Sign on both door jams identifying the floor (in raised letters or Braille)				

Washrooms

AREA	Yes	Somewhat	No	Additional Notes
Easy access (well located)				
Wheelchair accessible				
Automatic door and/or Lever handle				
Min. 914.4mm (36") wide door opening				
Cubicle min 823 mm opening (27")				
Cubicle min 1.5m x 1.5m (4'11" x 4'11")				
Has Grab Bars				
Grab Bars between 762 and 853 mm (2'5" & 2'8")				
Top of toilet seat between 426 to 457 mm from floor (1'4" and 1'5")				
Min 1.04 m (3'5") transfer space by toilet				
Min 701 mm (2'3") sink height				
Level faucet handles				
Bottom of mirror max 1m high (3'3") or tilted downward				

AREA	Yes	Somewhat	No	Additional Notes
Appropriate signage				
Stall door operable with closed fist				
Unisex accessible washroom
