Subject: RE: Revised Resolution re EV Charging Stations

CAUTION: External E-Mail

Hi Judy,

We are comfortable delaying Cobourg's payment for one year (2021 payment can be made in 2022).
If Cobourg would like to rejoin the program, we can adjust wording in the contract to reflect this change.

OPG and Hydro One signed a partnership agreement in September 2019 to start Ontario Charging Network LP.

Most of the people working on the Ontario Charging Network are employees of Hydro One or OPG only
the General Manager is a direct employee of the partnership

That's why you may be seeing a few different email domains: @opg.com, @hydroone.com,
@ivycharge.com

I hope this helps!

Thanks,

Nick Fraser

Sr. Advisor, Strategy & Growth
