

	THE CORPORATION OF THE TOWN OF COBOURG
	PLANNING AND DEVELOPMENT ADVISORY COMMITTEE
TO:	Brent Larmer, Municipal Clerk/Manager of Legislative Services
FROM:	Krystal Christopher, Deputy Clerk
MEETING DATE:	Tuesday, July 6, 2021
SUBJECT:	Motion regarding the East Pier Revitalization Project

The following Motion was adopted at the Tuesday, July 6, 2021 Planning and Development Advisory Committee (PDAC) Meeting:

Moved by Member Alistair Commins

THAT Council be advised that the Planning and Development Advisory Committee (PDAC) has received a presentation, the purpose of which was to provide an update on the East Pier Revitalization project.

FURTHER THAT, PDAC makes the recommendation to Council that the following considerations be taken into account in determining the final plan for the revitalization of this town feature.

1. The East Pier should be considered as one of the absolute prime classes of versatile space in the downtown area for people and activities and should be regarded as park and recreational space primarily dedicated to pedestrians and active transportation modes
2. Council is urged to take into account and be consistent with the Town of Cobourg's positioning on climate change
3. Opportunity be taken to create a plan for a variety of recreational and leisure activities for people
4. That motorized vehicle access to the pier be restricted wherever possible with the exception of emergency & maintenance/service vehicles and those associated with approved special events
5. If "barrier-free" parking cannot be situated near enough to the pier to allow for sufficient access for people with limited mobility, that "barrier-free" parking be included in the pier design, but only at the northerly most/initial entry to the pier

Carried
